

For Small Hands Catalog Fundraiser

This is an opportunity to purchase high-quality materials, activities, and tools for your children, other children in your life and/or the classrooms. At the same time, you will be supporting our school! When you order from this catalog using our **group order**, Sunstone receives a 15% credit towards future school purchases. Your friends and family are welcome to order with you! Extra order forms are available in the office.

All items will be delivered to the school, where school staff, and volunteers, will safely and sanitarly sort your order. We will announce in the weekly *Communications* when you can pick up your order (Typically mid-November).

Classroom Gifts and Personal orders:

The guides have selected some special items they would like for their classrooms. We also encourage you to buy personal items through our group order, so Sunstone receives the maximum benefit.
